S i r :

Applicants hereby request that the inventorship of the above-identified application be amended to add Anthony C. Willis as an inventor. Mr. Willis is being named because he determined the amino-terminal (19 a.a.) of MASP-2, which information was used in the production of the first antibody which specifically binds MASP-2, as presently claimed. The Examiner has taken the position that this is an inventive contribution (office action of March 8, 2004, page 4, second full paragraph).

In support of this request, Applicants hereby enclose

- (1) a statement from Anthony C. Willis that the error in inventorship occurred without deceptive intent on his part,
- (2) a \$1.63 declaration, executed by the actual inventors of the invention as presently claimed (Jens Chr. Jensenius, Steffen Thiel, Anthony C. Willis);
- (3) Credit Card payment form, PTO-2038, authorizing payment in the amount of \$130 for the processing fee
